DETAILED ACTION

Claim Objections

Claim 1 is objected to because of the following informalities: "recording medium being recorded information" is unclear and needs to be revised into proper English form and "the recording conditions" in line 3 needs to be changed to --a recording condition--.

In claim 4, the limitation "An information recording medium being an information recording medium" is unclear because an information recording medium is always an information recording medium.

In claim 18, "the basis" in lines 4 and 5 should be --a basis--.

The Examiner asks Applicant to review the dependant claims for errors.

Appropriate correction is required.

Conclusion

This application is in condition for allowance except for the following formal matters:

The objections as stated above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
